OFFICE OF THE COLLECTOR OF CENTRAL EXCISE, DELHI

PUBLIC NOTICE

Delhi, the 26th July 1960

SUBJECT:—*Staple fibre fabrics—Levy of excise duty on Treating of manufacturers of such fabrics as new ones for purposes of compounded levy.*

S.O. 1912.—The Government of India, Ministry of Finance (Department of Revenue), had previously decided that in cases of manufacturers who were producing artsilk fabrics including staple fibre fabrics and were working under the special procedure prior to the 1st March, 1960, the compounded duty in respect of staple fibre fabrics for the months of March and April, 1960 may be recovered in the form of differential duty on the basis of the number of powerlooms employed by the manufacturers in the production of both artsilk fabrics and staple fibre fabrics during the months of January and February, 1960, respectively.

2. On representation of the Industry that the realization of duty for the months of March and April, 1960, on the total number of powerlooms employed on artsilk fabrics including staple fibre fabrics in the months of January and February, 1960 had caused hardship as there being no excise levy on staple fibre fabrics in the months of January and February, 1960, most of the factories had employed a larger number of powerlooms during these months, the Government of India have decided that as an *ex-gratia* measure the number of looms for the purpose of duty in respect of such manufacturers for the months of March and April, 1960 may be redetermined as follows, at the option of the manufacturers:—

March, 1960.—Average number of looms employed on artsilk fabrics (other than staple fibre fabrics) in January, 1960 plus the average number of looms actually employed on staple fibre fabrics in April, 1960.

April, 1960.—Average number of looms employed on artsilk fabrics (other than staple fibre fabrics) in February, 1960 plus the average number of looms actually employed on staple fibre fabrics in April, 1960.

The duty for these two months shall then be reassessed on the basis of the total number of powerlooms so arrived at and with reference to the rates of duty as are prescribed in the Government of India, Ministry of Finance (Department of Revenue) Notifications Nos. 56 to 59, dated the 15th May, 1959 (the category being determined on the basis of the said total number of looms) and the balance, if any, may be adjusted against the liability of the manufacturer for the succeeding months provided a claim for such reassessment is made within 3 months from the 16th July, 1960.

Dhanbad, dated the 16th July 1960

**AWARD**

The Government of India, Ministry of Labour and Employment, by its Order No. LR. II-2(153)/59 dated the 12th January, 1960, made in exercise of the powers conferred by clause (d) of sub-section (1) of Section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), referred for adjudication the aforesaid dispute to the Central Government Industrial Tribunal, Dhanbad, presided over by me for adjudication. Matters contained in the said reference are as per Schedule below:—

**SCHEDULE**

“(1) Whether the management of Dalingkote colliery were justified in retrenching Sarvashri U. K. Goswami and P. B. Thapa; and

(2) If not, to what relief they are entitled?”.

2. In the copy of the letter No. 1/386/59 dated 1st June 1959 from Shri J. K. Maliyil, Secretary, Dalingkote Coalfield Workers Union, P. O. Pillanshat, Jalpaiguri District to the Conciliation Officer (Central), Ranigunge, which was forwarded to this Tribunal as the workers statement, I get that Shri U. K. Goswami and P. B. Thapa had been retrenched by notice dated 30th May, 1959. The reason stated in the notice was “with the decision of suspending the mining operation in Dalingkote colliery and curtailment of maintenance work, you are hereby informed that your services are not required with effect from 1st July, 1959”. It is contended that the mine does not appear to have been closed. The case of the Union has been made to rest on two grounds viz. (1) “Last come, first go principle” has not been observed and that it is a case of clear victimisation for union activities, and (2) that the requirements of Section 25F of the Industrial Disputes Act, 1947 have not been complied with.

3. According to the management it is alleged that this colliery was opened as far back as 1943. upto June, 1957 it had been selling dust coal mined from this colliery for brick manufacture in Assam, North Bengal, North Bihar, U.P., Rajasthan and East Punjab without any permit. After June, 1957, the Government of West Bengal suddenly directed and restricted the sale to those only who held permits granted by the State Civil Supply authorities. Bihar and U.P. States also refused to take this coal for its inferior quality. The Regional Coal Controller, Assam, totally banned its entry. There were also further restrictions. The result was that the sale dwindled down considerably. In 1957 the sale figures stood at 35,000 tons. In 1958 it came down to 25,000 tons. In 1959 it went further down to 10,000 tons. So the situation compelled suspension of the mining operation to

a great extent since May 1959. The accumulated stocks were only sold. The prospect became still more gloomy in 1959-60 when retrenchment became inevitable. There were several references about retrenchment before this Tribunal but they were decided against the employer presumably on the impression that the permit system had since been abolished while it was not so in fact. On the 28th August 1959 the State Government of West Bengal further notified cancellation of the lease of this colliery. It was only confirmed by another notification in January 1960. So the position has become absolutely desperate. It is the contention of the management that the principles of retrenchment as far as the Industrial Disputes Act is concerned have been fully complied with. The story of victimisation has been emphatically denied.

4. I have gone through the awards in those three references decided by my predecessor in office in connection with the retrenchment in this colliery. The learned Judge stressed mainly on the letter of the Government of India in the Ministry of Steel, Mines and Fuel dated 17th August 1959 (Annexure 'A' to the company's written statement) and also on the two notifications of the Government of West Bengal marked Exhibit B and B(1) dated 28th August 1959. He interpreted Annexure 'A' to mean that the permit system referred to by the management which restricted the sale of coal has already been abolished by the Governments concerned. The other two West Bengal Government notifications by which the lease of the mine was cancelled were avoided as irrelevant because they were of a date posterior to the date of retrenchment. But I am unable to concur entirely with the view taken above. Firstly, that the sale figures went down from 35,000 to 10,000 tons from 1957 to 1959, if true, are an appalling situation. This figure has been stated in the written statement of the management. The union has made no attempt to question the veracity of the said figures by inspecting the documents of the management. Now if there is a decline of sale from 35,000 to 10,000 tons a year, will it not be just prudent on the part of the management to curtail its personnel and its mining operation? No management can have equanimity of mind and can sit tight in the face of such a desperate situation. It must either put its house in order or it must collapse. It has no other choice. So the management had recourse to retrenchment and to curtail its mining operation drastically. That is exactly what this management has done here. This aspect seems to have been totally missed by the learned Tribunal in appraising the situation in which the said retrenchment had taken place. There is no evidence that the management had in the meanwhile made a rally from the said situation. Rather the notifications of the Government of West Bengal make it perfectly clear that the management was absolutely doomed. If the management saw the writing on the wall, can it be blamed? If in such a situation it takes to retrenchment, is that unjustified? It does never reflect credit either on the wisdom or foresight of the management if it does not take any precautionary measure till actually it is confronted with the disaster. So simply because these notifications came in a month or two later, they can never be avoided as having no bearing on the situation in question. In my opinion, the management has made out a clear case in which retrenchment was unavoidable or perhaps, inevitable. I may also point out that it is not suggested that the management has since recruited new hands in the vacancies caused by this mass-scale retrenchment. So the retrenchment does not appear to be *malafide*. To say that the retrenchment was undertaken only to let down the union members can hardly be acceptable. Nobody would cut one's nose to spite another man's face. The union might not have been liked by the management, but for that reason to suspend the operation of the mine or to cut down the personnel drastically would not be tenable. So I hold that the retrenchment in question was justified.

5. Next, I come to the question whether in fact the retrenchment principles enunciated under Section 25F were complied with. In the written statement of the union no particular man has been specifically mentioned as still retained by the management who are junior in service to these two workmen. Under para 10 of the written statement of the management, I get that at the time of the retrenchment in question there were only two persons of the clerical staff in service. But they are said to have belonged to a different category. One is Shri D. K. Mukherjee. But he is senior to Shri P. B. Thapa. P. B. Thapa was taken into employment as per Exhibit 2(a) on 1st October, 1952 and later on he was promoted to clerical grade on 10th September, 1955. Previously he was a Bill Clerk and later on he became an Attendance Clerk. But Shri D. K. Mukherjee was appointed on 1st October, 1945. So he was not junior to Thapa. Besides, he was a Matriculate and held a Surveyor's certificate and also Mining Sirdar's certificate. He was

acting as an Overman of the Dalingkote colliery. Shri P. B. Thapa was barely literate and was an Attendance Clerk. So Shri D. K. Mukherjee's retention does not contravene Section 25G. Shri D. N. Bhattacharjee, of course, had his appointment on 26th March, 1957 i.e., he was junior to Shri P. B. Thapa. But then he is a Graduate. He was the company's representative at Kanpur. He is stated to have been conversant with Hindi and colloquial Urdu. So there can be no comparison between him and Shri P. B. Thapa. The Union could not mention any other person who was junior to Shri P. B. Thapa but was retained in employ of the management. In the cross-examination of P. W. 1 of the Union what I get is that H. D. Majumdar, B. N. Ghosh and others were junior to Shri P. B. Thapa. But he is forced to admit that they were working not in Dalingkote colliery but in East Bagrakote colliery. I get from O. P. W. 1 that those people who were employed in East Bagrakote colliery from Dalingkote colliery were getting less wages. Theirs was practically a new appointment. So it can never be said that they have been retained in this colliery. Besides these two collieries are not identical. That has been denied by the management. There is also no evidence by the union to contradict it. So the contention that 'Last come, first go' has not been observed has not been substantiated by the union against the management.

6. There is another contention that Shri Thapa was selected for his union activities. Of course, there was proximity of dates between the formation of the union and the present retrenchment. But there is nothing more to show that Shri Thapa was particularly selected because of his trade union activities. About his union activities all that is said is that he agitated about the extension of the Coal Award to this colliery. But this does not go far enough in this matter. So this contention is also idle. Because a workman is associated with the union, that itself does not carry any immunity from retrenchment.

7. The further contention is that the notice in form P has not been drafted in proper form. The notice P has been given but it is evidently not exactly in order. Para 4 of the prescribed form has not been mentioned in the notice. Besides the notice has been given under Section 25FFF of the Act. That is a case of closure but here it is a case of retrenchment. The management admits that the mine had not been closed but only it has been suspended. So the notice is irregular. But that only related to the limitation of compensation to three months' wages only. That question has not arisen before me. All that can be argued is that the retrenchment compensation would be in the case of Thapa four months and not limited to three months because notice has not been given in proper form and that it was not a case of closure. The management has signified its readiness to pay four months' wages as compensation to Shri P. B. Thapa for his 8 years service. So this contention about notice is out of place.

8. Regarding the payment of retrenchment compensation the management says that it had offered but it was not accepted. Of course, there has been no postal remittance. But that is not the only method of payment. Besides Shri Thapa has received the notice pay and other dues. Shri Goswami has accepted his retrenchment compensation also. So I accept the management's story that Shri Thapa was also offered this retrenchment compensation. He expected more. That is why he declined to accept it. So that requirement is also satisfied.

9. Having regard to all these facts and circumstances I find that the retrenchment of Shri P. B. Thapa is justified. As such no relief under issue No. 2 he is entitled to. Relief under issue No. 2 would only arise if the retrenchment in question was not justified.

10. Regarding Shri U. K. Goswami the union does not press his case. He has received the retrenchment compensation and has evidently dropped out of the contest. So I do not make any finding regarding his case. I also make no order about costs.

Dhanbad, dated the 16th July 1960

AWARD

The Government of India, Ministry of Labour and Employment, by its Order No. 2/71/59-LRII dated 19th May 1960, made in pursuance of Section 10(1)(d) of the Industrial Disputes Act, 1947 (XIV of 47) referred the aforesaid industrial dispute for adjudication to the Central Government Industrial Tribunal at Dhanbad presided over by me concerning the matters as per schedule below:—

SCHEDULE

"Whether the management was justified in dismissing Shri Dil Mohammed. If not, to what relief is he entitled?".

2. Shri Dil Mohammed was a Machinist of the Loyabad colliery. He was alleged to have been found sleeping while on duty on 2nd August, 1958 at 4-30 A.M. by the Manager during his round in the workshop. He was found sleeping along with others on a tool box by the side of the shaping machine and the Nepali Naik woke him up under the orders of the Manager. He was given a charge sheet on 5th August, 1958. He replied to it and his reply is in the body of the charge sheet. He says that in the course of his duty he sustained an injury in his right hand due to the slipping of the handle while tightening the dog wheel. He was feeling pain and he laid down on the tool box but was not sleeping. He got himself treated in the hospital of the management the next morning. He denies having been present during an enquiry in connection with the charge sheet.

3. Turning to the facts as elicited by evidence, I am satisfied that there was an enquiry in the presence of Dil Mohammed by the Labour Welfare Officer, Shri G. Banerjee on 8th August, 1958 on the basis of the charge sheet given to Shri Dil Mohammed. The enquiry was held in the workshop in the Manager's office. The proceedings of the enquiry have been produced before me. I find that only the Manager and the Nepali Naik have been examined and the statement of Dil Mohammed was recorded. Possibly the enquiring officer did not think it worthwhile to examine any other eye witness to the scene, because the Manager himself caught Dil Mohammed sleeping along with others. But I really wonder why the enquiring officer did not think it worthwhile to examine the doctor just to ascertain whether the story of Dil Mohammed having sustained an injury was true or not. If a man is injured in the early morning and if he reclines on a tool box by the side of the machine just waiting to get hospital treatment in the morning, still he will be punished for sleeping on duty, would be a position not acceptable to the Tribunal. Sleeping on duty is reprehensible in the case of watchmen whose only duty is to keep vigilance and to do patrol duty. But in the case of a workman, if he is found sleeping while on duty, his guilt would be negligence of his work. So mere lying down when one is injured is never

tantamount to sleeping on duty as mentioned in the Standing Orders which is construed as a misconduct entailing dismissal. So it was incumbent on the enquiring officer not so much to enquire whether the man really reclined on the tool box as to ascertain whether he was really injured and whether the story of his treatment in the hospital was a concocted story. That was not done. So I cannot accept the finding of the enquiry officer on its face value.

4. Next, I come to the evidence before me. I find from Exhibit--1—the Medical Attendance Ticket of the colliery,—that this man Dil Mohammed was examined on 2nd August, 1958, and his complaint was sprain on the right hand. If I look to the note in pencil apparently of the enquiring officer in Exhibit A-3 I get that the accused went to the hospital on 2nd August, 1958, at 9-10 a.m. after being caught asleep. He reported "pain in right hand". But in the ticket itself I find sprain in the right hand. Pain is not synonymous with sprain though one is the result of the other. Now if there is sprain and swelling, the genuineness of the complaint is beyond question. The doctor could have thrown light whether the accused merely complained of pain or whether there was an actual sprain as manifest by swelling etc., on his hand. At any rate, it is clear that this workman did not lose any time in getting his treatment in the company's hospital in the morning. Before me he has examined two other workmen who are still in the employ of the company. They have spoken that Dil Mohammed received the injury at 4 A.M. and the Manager called at 4-30 A.M. Dil Mohammed says that he showed the injury to the Manager but the latter took no notice of it. Then if I turn to the report of the Manager marked Exhibit-C I get that he charged four persons as being found asleep, that night. Punit Kahar was recommended suspension for 5 days because he was found sleeping for the first time. Harun Rashid was dismissed because he was previously warned for sleeping on duty and so was this Dil Mohammed. Tekbahadur Nagarkuti was a watchman. He was found sleeping on duty and his dismissal was recommended. If we remember that it was the Manager who was the complainant in this case, then his recommendation of the above punishment must be taken with a grain of salt. But the Deputy Mining Engineer merely endorsed saying "yes" to the recommendation and that about three months after the occurrence. This shows how this workman has been dealt with. So I find that the dismissal of Shri Dil Mohammed was not at all justified. It would not be commensurate with the offence complained of. It was not called for at all in this particular case because the man was lying on a tool box feeling pain for injury sustained in the course of his duty and waiting for treatment in the hospital in the morning. Thus the decision of the company is absolutely perverse and can never be sustained.

5. Having regard to these facts and circumstances, I find that the dismissal was unjustified. Shri Dil Mohammed is found entitled to reinstatement within one month of this award coming into operation in his previous post or in any equivalent post. Regarding his compensation for this period of forced idleness from October, 1958 upto the date of his reinstatement, I allow him compensation at the rate of quarter of his basic salary which he drew at the time of his dismissal from 1st October, 1958, right upto the date of his reinstatement in one lump sum. This period of forced idleness will be treated as leave without pay and the offence complained of would not be recorded in his service roll as such.

with Shri Panch Dev Singh, the aggrieved workman.

STATE: West Bengal.

INDUSTRY: Coal.

Dhanbad, dated the 16th July, 1960.

## AWARD

The Government of India, Ministry of Labour & Employment, in exercise of the powers conferred by clause (d) of sub-section (1) of Section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), by its Order No. 2/18/60-L.R.II, dated 7th March 1960 referred the aforesaid industrial dispute to the Central Government Industrial Tribunal at Dhanbad presided over by me for adjudication concerning the matter as per schedule below:—

“Whether the retrenchment of Shri Panch Dev Singh, Munshi, was justified having regard to the provisions of section 25G of the Industrial Disputes Act, 1947, and if not, whether he should be re-instated or given other relief.”

2. When the case was taken up for hearing, the parties filed a joint petition of compromise disposing of the entire dispute. I have gone through the said compromise and find it reasonable and acceptable to the Tribunal. The union, however, objected to the said settlement being acted upon because it was without the consent of the union and in the face of the union's objection. So I examined the employee concerned. I find that he admitted his signature to the said petition of settlement. The union is not competent to raise an objection when the person whom it represents personally settles up the matter directly with the management. The union merely represents the workman under Section 36 of the Industrial Disputes Act, 1947. It has no independent *locus standi* to contest the dispute when the workman himself leaves it in the lurch. So I cannot accept this objection of the Union. Accordingly, the case stands disposed of in terms of the petition of compromise which is made a part of my present award. The petition of settlement is as per appendix.

## APPENDIX

## BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL, DHANBAD.

REFERENCE No. 13 OF 1960.

Employers in relation to Bhutgoria Colliery

AND

Their workmen.

The Employers and Sri Panchdev Singh, Munshi, the justification of whose retrenchment is the only issue in this Reference jointly beg to state that the

Employers and Sri Panchdev Singh have amicably settled the dispute by mutual agreement on terms as set forth below:—

- (a) The retrenchment shall be cancelled and Sri Panchdev Singh shall be posted as Munshi at Bhutgoria Colliery on and from 11th July 1960 and shall thereafter be posted in the same post at Methani Colliery belonging to the same Employers with effect from 1st of August, 1960.
- (b) The period of unemployment since the date of retrenchment shall be considered as leave without pay and the continuity of service of Sri Singh shall be maintained on existing conditions of service.
- (c) In full satisfaction of all claims regarding expenses, leave, etc., the Employers shall pay the sum of Rupees Four Hundred only to Sri Panchdev Singh. This payment shall be made within 25th July 1960.

The applicants, therefore, pray that this Reference may kindly be disposed of in accordance with the agreed terms stated above.

PANCH DEV SINGH,  
the workman concerned.

**S.O. 1952.**—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Industrial Tribunal, Dhanbad in the matter of an application under section 33A of the said Act from Shri M. Hossain, Deck Foreman, a workman of Messrs. A. C. Roy & Co. (P). Ltd., Calcutta.

## BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL, DHANBAD

APPLICATION NO. 2 OF 1960—IN REFERENCE NO. 9 OF 1960

## PARTIES:

M. Hossain, Deck-Foreman, 21/1/1B, Mominpur Road, Calcutta-23—Complainant.

Vs.

Messrs. A. C. Roy & Co. (P) Ltd., 5, Mission Row, Calcutta-1—Opposite party.

## PRESENT:

Shri G. Palit, M.A., B.L., Chairman,

Central Government Industrial Tribunal, Dhanbad.

## APPEARANCES:

Shri Nirmal Mukherjee, Calcutta Dockers' Union—for the complainant.

Shri Nalini Kanta Chakraborty—for the opposite party.

STATE: West Bengal.

INDUSTRY: Shipping.

Calcutta, dated the 28th July, 1960.

## AWARD

This complaint purports to be one under Section 33A of the Industrial Disputes Act, 1947 just for having the dismissal order passed on the 31st March, 1960 set aside and also to grant consequential relief. But I do not think it worthwhile just to go into the facts of the case, as when the case was taken up for hearing, the parties have filed a joint petition of compromise settling up the entire dispute. I have gone through the contents of the said petition of compromise and find them to be in order. So accepting the petition of compromise, I award that this case is disposed of in terms thereof. The said petition of compromise will form part of my present award.

2. This will also dispose of the application under Section 33(2)(b)—Application No. 18 of 1960—filed by the employer against the workman for obtaining the permission of the Tribunal with regard to the punishment which it has meted out to the aggrieved employee, as the matter is also disposed of by another petition of compromise on identical terms. This order thus governs both these two applications filed by the employer against the employee and *vice versa*.

In the matter of Application No. 2 of 1960 under Section 33A of the Industrial Disputes Act (arising out of Reference No. 9 of 1960)

## AND

In the matter of M. Hossain, Deck Foreman—Applicant.

Vs.

A. C. Roy & Co. (Private) Ltd.—Opposite party.

The humble petition of both the parties above-named most respectfully states, without prejudice to the contentions raised by the Company through the Master Stevedores' Association in Reference No. 9 of 1960—

1. That the matter arising out of the aforementioned application has since been at the request of the workman amicably settled by and between the parties themselves on the following terms and conditions:—

(a) That the workman Sri M. Hossain is agreed to accept, honour and abide by the Rules and Regulations of the Company, the Port and the Calcutta Dock Labour Board as well as the existing system of bookings, etc., obtaining in the Company,

(b) That the workman Sri M. Hossain is agreed that he has no claim to wages, subsistence allowance, etc., for the period of his unemployment from the 1st April, 1960 to 11th July, 1960.

(c) That in view of the aforesaid the Company is agreed subject to the approval of the Deputy Chairman, Calcutta Dock Labour Board, to whom a copy hereof is forwarded to reinstate the workman, Sri M. Hossain in service with effect from the 12th July, 1960 on the same terms and conditions in which he had been employed prior to his dismissal.

2. That in view of the above settlement by and between the parties, the petitioner is not willing to proceed further in the matter and wants to withdraw the application.

The petitioners therefore pray that your honour will be pleased to approve of the settlement and allow your petitioner, Sri M. Hossain to withdraw the application and that order may be passed disposing of the application in withdrawal.
